# Business Profile

*Worry-Free, Simple Life*

**e-Balami Company**

# 1. Company Overview

e-Balami is a modern company dedicated to simplifying the lives of the Somali community by solving challenges related to essential services. Our headquarters is in the city of Jigjiga, but our services extend to major cities in Ethiopia and around the world. We are the bridge that connects our customers with a network of high-quality service providers, eliminating the worry, time-wasting, and challenges associated with arrangements. Currently, e-Balami is divided into two main departments: the Medical Travel Department and the Technical Services Department.

# 2. Our Story: Where It All Began

Every problem creates an opportunity. The foundation of e-Balami came from a real need that we ourselves experienced. One of the company's founders' family needed urgent medical travel from Addis Ababa to India. They faced a combination of challenges: confusion about getting a reliable doctor's appointment, the difficulty of finding a suitable hotel, and the anxiety of the language barrier without a dependable translator.

That experience showed us that thousands of other people face these same difficulties every day. And from there, e-Balami was born, with the idea of creating a single place where a person can easily get all the services they need, confident that they are supported every step of the way.

After that, we saw and realized that the same lack of trust we were fighting in the medical travel sector also exists acutely within our homes and workplaces, because finding a skilled and honest technician is preceded by a great deal of confusion.

Thus, the Technical Services Department of e-Balami was created. It was not founded just to be an additional service, but it was a natural continuation of our mission to create solutions for the problems of our community.

# 3. Our Vision, Mission, and Values

**Our Vision:**

To become the leading and most trusted company that provides integrated services for

medical travel arrangements and for finding customers the technicians they need, serving our entire community wherever they are.

**Our Mission:**
To transform the experience of accessing essential services, whether for **travel or at home**, into a seamless, secure, and stress-free journey.

**Our Values:**

- **Trust:** We build relationships on honesty and transparency. Our promise is our bond, and we are committed to delivering on it every time.
- **Customer-Centricity:** Our clients are at the heart of everything we do. We listen to their needs and provide tailored solutions that truly serve them.
- **Excellence & Quality:** We partner exclusively with vetted, high-quality service providers to ensure our clients receive the best possible experience.
- **Innovation:** We continuously leverage technology to create new and better ways to simplify the lives of our customers.

# 4. Our Services

We provide comprehensive services that cover your various needs, and our services are divided into two main departments:

## A. Medical Travel Department:

We are the community's companion, especially when they embark on a medical journey. We fully manage their medical travel needs from the first step to the last by arranging these services:

- **Health:** We easily book appointments for you with the best hospitals and doctors in Ethiopia and India. We will also soon be operating in Germany, Turkey, and Egypt.
- **Hotels:** We select and book clean, safe hotels for you that are suitable for your needs and budget.

- **Translation:** We provide you with translators to assist with communication when you are in Addis Ababa, Harar, Dire Dawa, Hawassa, and India.
- **Visa Assistance:** We help you with document preparation and also book appointments for you at the embassies.
- **Airport Taxi:** We arrange for reliable transportation to pick you up from the airport and take you to your desired location.
- **Flight Ticketing:** We assist you in finding and booking both domestic and international flight tickets.

### B. Technical Services Department

We recognize the difficulty of finding a trustworthy technician. Therefore, we have gathered quality professionals who are always ready for you. Now you can easily request:

- Technicians for Home and Office Equipment Repair.
- Technicians specializing in Technology Services.
- Various Construction Technicians.
- Electricians and Plumbers.
- Various Vehicle Technicians.
- Various Technicians for Events (Media & Events).

## 5. What Makes Us Unique?

- **One-Stop Solution:** We are now the single point of contact for your needs, whether you are planning a **medical trip abroad** or need a **reliable technician at home**.
- **Trust and Security:** We work only with vetted and trusted partners, ensuring your safety and peace of mind.
- **Cultural Understanding:** We deeply understand the unique needs and cultural context of our community, allowing us to serve you better.

- **Dedicated Support:** Our team is with you at every stage of your journey, providing assistance and guidance whenever you need it.

## 6. Meet the Founders

e-Balami was founded by two young visionaries with a shared passion for service and innovation:

- **Guled Nurie (Chief Executive Officer - CEO):** With a strong background in Business Administration, Guled recognized the need for an efficient system to solve the logistical challenges faced by his community.

  *"My goal is to build a company that not only succeeds in business but also makes a tangible, positive impact on people's lives."*

- **Omer Mohamed (Chief Marketing & Technology Officer - CMO/CTO):** Omer is an expert in Marketing and Information Technology. He is the architect behind the technology that connects e-Balami with its clients seamlessly.

  *"I believe technology is the most powerful tool we have to solve the real-world challenges our community faces."*

## 7. Our Brand

Our brand identity is built on layers of meaningful and intentional symbolism.

**The Logo:**

- The letter **"e"** stands for **"electronic."** This signifies our commitment to using modern technology through our user-friendly website, **ebalami.com**, and our dedicated **mobile application** to deliver fast, efficient, and convenient services.
- The **calendar icon** embedded within the logo directly symbolizes our core service: **appointment booking**.
- The surrounding **circle** represents our promise of complete, 360-degree care and security.

**Our Brand Colors:** Our official brand colors are a powerful combination of **Yellow and Black.**

- The vibrant **Yellow** represents hope, warmth, and the optimism of a successful journey.
- The bold **Black** signifies professionalism, reliability, and the strength of our commitment to our clients.

**The Name:** The brilliance of our name lies in its phonetic wordplay in the Somali language. When spoken, **"e-Balami"** sounds identical to the Somali phrase ***"ii balami,"*** which translates directly to **"Make an appointment for me."** Our name is not just a title; it is our mission and our service, captured in a single, memorable phrase.
